**For the past three years, it has been my honor to represent you, the Southeastern Division, as your ARRL Director.**

**As Director, one of the things I have enjoyed most is meeting fellow amateurs throughout our Division. I represent our Division with my proven performance, integrity, leadership and experience.**

**Serving as Director of the ARRL's largest Division has been an invaluable experience and responsibility for me. My travels around the Division, and work on several ARRL committees, has been a great opportunity to help advance amateur radio. I enjoyed meeting many fine amateurs all across the Division and learning about your activities, ideas and concerns, which has helped to shape my member-driven thinking. I attend many hamfests and club meetings and have represented amateur radio at the National Hurricane and International Association of Emergency Managers Conferences.**

**I have served on the ARRL Ethics and Elections Committee and served as liaison to the VHF/UHF Advisory Committee. I am currently a member of the Programs and**

Committee.

Emergency Communications continues to be one of my most active areas of amateur radio. I am proud to serve as a member of National Hurricane Conference Committee, Alabama Homeland Security Interoperability Exercise Design Committee and member of FEMA Region IV Emergency Communications Coordination Working Group.

In addition, I pride myself on being an avid emergency communications leader, new technology promoter, competitive contest participant and I encourage a new generation of hams to join our hobby by establishing youth programs and working to ensure their success.
