

70+ Life Membership Qualification

Moved: Stratton
Seconded: Abernethy

Whereas,

By Minute 40 of the January 2020 Annual Meeting a reduced-rate, revenue neutral Life Membership program for individuals aged 70 or older, with cumulative annual membership of 25 years or more, at an initial rate of \$750 dollars was established;

Whereas,

Many would-be 70+ Members who have expressed interest in purchasing a Life Membership have objected to the 25 cumulative membership pre-condition as onerous;

Whereas,

As the League has declared the 70+ Life Membership price ~~of \$750~~ to be revenue neutral for a purchasing Member;

Now, Therefore, It is Resolved that:

- (1) The membership qualification period required for an ARRL Member who is 70 years of age or older is ~~reduced to 10 years cumulative and three years continuous membership prior to the purchase of the 70+ Life Membership;~~
- (2) The \$750.00 70+ Life Membership purchase price may be paid in ~~three equal installments of \$250.00, due and payable every six months.~~

eliminated

Cost: As the 70+ Life Membership rate is revenue neutral; the costs are those associated with modification to the website and creation of new 70+ Life Membership applications. The total cost is estimated not to exceed \$2,000.00.
